Candidate Position/Response
I support and will advocate for the business case to enable a Toowoomba
Create a national Regional Infrastructure Fund.
<ul style="list-style-type: none">• Create a national Regional Infrastructure Fund.
Candidate Position/Response
<p>The LNP will deliver strong economic management by ensuring Australia's resource wealth works for Australians.</p> <p>In Government we the LNP will preserve a portion of commodity windfall receipts towards the establishment of Regional Australia Future Fund to grow this Fund to \$20 billion.</p> <p>Our Future Generations Fund and Regional Australia Future Fund will lock in the benefits of windfall and use it to help to pay down debt, invest in nation building initiatives, and drive growth in the regions.</p>
Secure funding for the agricultural sector for food security and climate variation initiatives for individuals, not just organisations.

Candidate Position/Response
In Canberra, only members of the LNP stood with farmers: against Labor's new farmer tax, against Labor's ute tax, against Labor's billions in cuts to water and dam infrastructure and against the Labor/Green/Teal reckless renewables only policy which is destroying prime agricultural land. In the government, the LNP will ensure the regions are supported and farmers can farm.
Increase the instant write-off for primary producers and small business
<ul style="list-style-type: none">• Increase the instant write-off for primary producers and small business
Candidate Position/Response
The LNP will make the instant asset write off permanent at an asset cap of \$30,000 for all businesses with turnover of up to \$10 million.

Create a national economic framework for regional, rural and remote areas.
<ul style="list-style-type: none">• Create a national economic framework for regional, rural and remote areas.
Candidate Position/Response
Yes - the LNP has announced a fully costed plan to do this. The 'Our Future Generations Fund' and 'Regional Australia Future Fund' will be the framework and deliver real funding, locking in the benefits of windfall revenue and use it to help to pay down debt, invest in nation building initiatives, and drive growth in the regions.
Create a mechanism to interrogate and remove excessive, unnecessarily complex regulation.
<ul style="list-style-type: none">• Create a mechanism to interrogate and remove excessive, unnecessarily complex regulation.
Candidate Position/Response
Only the LNP is committed to reducing unnecessary red and green tape. We have spent the term identifying Labor waste, including having a dedicated Minister for Waste Reduction and Government Efficiency.
Ensure Inland Rail to Gowrie is build as soon as possible.
<ul style="list-style-type: none">• Ensure Inland Rail to Gowrie is build as soon as possible.
Candidate Position/Response
I am a strong supporter of Inland Rail and getting it to the Toowoomba region, I am steadfast in this support and could not be clearer: get it to Gowrie. Labor must stop stalling.
Secure funding to deliver infrastructure for our region - for example faster rail between Toowoomba and Brisbane, water security, a sports stadium.
<ul style="list-style-type: none">• Secure funding to deliver infrastructure for our region - for example faster rail between Toowoomba and Brisbane, water security, a sports stadium.
Candidate Position/Response
I have stood up on every single of of those issues. In government Labor cut funding to our roads (Cabarlah upgrade on the New England), Warrego and Gore Highway funds and billions from the water infrastructure budget. In government the LNP funded the business case on passenger rail, I have been a strong advocate and I continue to call for the release of the full report so we can advance the case for passenger rail.
Directly fund local government or the private sector to deliver social and affordable housing and infrastructure for housing such as water and sewerage.

Candidate Position/Response
<p>The LNP will ensure government gets out the way, and we unlock up to 500,000 new homes by investing \$5 billion to fund essential infrastructure like water, power, and sewerage at housing development sites. Easing pressure on local governments. 30% of this funding will be for regional areas.</p>
