ABOUT THE PROGRAM

The Toowoomba Chamber of Commerce Emerging Leaders Mentor Program is organised by the Toowoomba Young Chamber Advisory Group (TYC-AG) and runs each year.

The Mentor Program commenced in 2016. It has been recognised as a successful platform for individual personal and business growth for the region's future leaders. Helping individuals to thrive, meet their goals and go after their dreams.

The program aims to foster connections between the younger members of our business community (mentees) and the best leaders that our region has to offer (mentors), support future leaders of our region in their career development as well as provide a forum to give back to the small business community, which is the driving force of our economy.

Mentoring is a popular career development strategy, which allows a mentor to share their expertise and leadership knowledge with a mentee in a safe learning environment. We urge all employers to facilitate a mentoring program for future leaders.

The program aims to provide a framework in which mentees and mentors participate effectively and collaboratively. Each mentor and mentee will communicate and achieve their mentoring goals to best fit their needs.

"Mentoring is a brain to pick, an ear to listen, and a push in the right direction." — John Crosby

MENTEE TESTIMONIALS

“I believe that the Mentor Program has been a great investment and has given me a great source of external feedback for my business. Having an established mentor outside of my organisation has brought in a unique view and unlocked opportunities that I otherwise would not have even seen. The constant accountability was a great part of the program combined with the networking and learning opportunities with the associated workshop series.”

“I have found the Mentor Program to be highly beneficial, not only in my professional life but also in my personal life. It has pushed me out of my comfort zone and this has allowed me to grow. The opportunity to connect with a mentor from the business community is invaluable and the workshops have been very helpful.”

In the last 12 months of the program, my mentor supported me on my career switch and I have landed a new role with his support. My mentor also offered me advice on how I can improve my own public speaking and communication skills. I also worked on mapping out my career trajectory, my 1, 3, and 5-year goals and how can I develop my emotional intelligence through this program.

“If I have seen further it is by standing on the shoulders of giants.” — Isaac Newton

MENTOR TESTIMONIALS

“The program has been a wonderful opportunity to connect with some future professionals of our business community. The learning journey throughout the program was valuable for both mentor and mentee, and the professional relationship developed during the last few months will continue into the bright years ahead - a great way to highlight the success of the program.”

“Chip Conley in his book *Wisdom At Work* coined the term *Mentern*. By this, he means that people in their later decades are both Mentors and Interns. Sharing their wisdom (gained from experience) with the younger generation and at the same time being humble and courageous enough to learn from them. The Mentor Program is a great way to bring the relevance of your learning to future leaders and at the same time discover new ideas and thoughts from them. I can highly recommend the experience.”

“Whilst the Future Leaders Mentor Program is about providing mentoring and leadership to the up-and-coming leaders of our community, it is also a wonderful growth opportunity for the mentors. It also makes you realise that as leaders in our own organisations how much the younger generation has to contribute to the business community of Toowoomba and that we need to share our knowledge and give our future leaders as many opportunities as we can for them to grow.”

"My job is not to be easy on people. My job is to take these great people we have and to push them and make them even better." — Steve Jobs

PROGRAM PURPOSE

Purpose:

The Emerging Leaders Mentor Program facilitated by the Toowoomba Chamber of Commerce provides a unique and invaluable opportunity for experienced business owners and leaders 35 and under to collaborate, learn from each other, and grow together in a supportive and safe environment. With the Chamber's guidance, expertise, and commitment to excellence, participants can look forward to a rewarding and transformative mentorship experience that contributes to their personal and professional development.

MENTORS & MENTEES

Mentors

Mentors will ideally have at least 10 years of experience in a variety of business settings, whether small, medium, or large businesses and public and private. Mentors will need to have excellent communication skills and a desire to contribute to the future of the small business community, committing to monthly meetings during the program.

Mentees

Mentees may be business employees or business owners.

Benefits for the Mentor and Mentee

There are many mutual benefits of participating in the program for the mentor and the mentee.

- gaining insights into the pros and cons of various career options and paths.

“The delicate balance of mentoring someone is not creating them in your own image, but giving them the opportunity to create themselves.” — Steven Spielberg

RESPONSIBILITIES MENTOR & MENTEE

Successful mentor programs require a clear understanding of the role the mentor and mentee play.

For the mentor, this includes:

- assisting the mentee in identifying individual needs to support career development;
- attending program launch and end-of-program event or any other event held by the Toowoomba Chamber for mentors;
- monthly one-on-one engagement with your mentee; and
- participate in two program evaluations and reviews (midway and at completion).

For a mentee, this includes:

- completing a Mentor Program Agreement;
- attending program launch and end of program event or any other event held by the Toowoomba Chamber for mentees;
- participating in seven Monthly professional development workshops;
- personal vulnerability to promote personal growth;
- monthly one-on-one engagement with your mentor;
- quarterly engagement with all mentees and the Program Leader;
- initiate all meetings with the mentor;
- identifying discussion topics;
- exploring personal strengths and weaknesses
- completing the survey after each workshop
- participate in two program evaluations and reviews (midway and at completion).

Matching mentors and mentees

The matching of mentors and mentees is undertaken by the Mentor Program Leader.

Each mentee will complete a short questionnaire covering areas such as key strengths and improvements, business goals, community engagement, program expectations and the like. This will assist the Mentor Program Leader in matching a mentor with a mentee.

"A mentor is someone who sees more talent and ability within you, than you see in yourself, and helps bring it out of you." — Bob Proctor
